Slocan Valley

Castlegar Petroleum Department

Bulk Petroleum & Cardlock

Bulk Fuel Operations

The Bulk Petroleum Department within the Slocan Valley Co-operative has been delivering our high quality Co-op fuel and lubricants since the 1950s.

Committed to providing great products and excellent service, we regularly work with our valued members to meet their petroleum product needs. Our members also enjoy more than excellent service. They participate in the best reasons to become members of a Co-operative.

LOCALLY INVESTED

We are your neighbours. Doing business with your Co-op creates good jobs and economic activity close to home.

COMMUNITY MINDED

We are part of your hometown and we care about and support the causes that matter to you.

LIFETIME MEMBERSHIP BENEFITS

Cash! That's your reward. Your Co-op membership offers you high quality products, services and cash back.

Our profits are your profits

If you're a member, you're an owner. In the past 10 years, the Slocan Valley Co-op has returned to its members over

\$2,350,977

The Difference is Our Service

Our existing clientele became members because of the membership benefits and our excellent service history.

Our team regularly participates in training for safety, product handling certifications, and customer service. Customer satisfaction is our goal.

You're at home here.

Castlegar Cardlock

Operating 24 hours a day, 7 days a week, our Cardlock facility opened in 2015 to service local businesses and commercial fueling needs, as well as fill the gap between the Okanagan and Alberta border for Co-op Cardlock services.

Slocan Valley Co-op members can apply for their own Cardlock cards with 30-day account payment terms, on approved credit.

Fuel pricing is competitive with the local market, and volume discounts are available for larger commercial or fleet operations, depending upon annual fuel volume purchases.

Cardlock cards can also be ordered with System Wide access to Co-op Cardlock locations throughout Western Canada in the Co-operative Retailing System (CRS).

Cardlock Features

The Castlegar Cardlock provides the following products:

- Clear Regular
- Clear & Dyed Diesel

Our well lit, multi-lane location is easily accessible by turning off Hwy 22 - Business Frontage Rd onto Minto Road at 4605 behind Trowalex, next to the Castlegar Civic Works Dept. There are high-speed and satellite pumps available for extra convenience.

Bulk Petroleum Delivery

Our Bulk Petroleum facility in Castlegar provides high quality commercial fuel, including marked gas and diesel, and residential home heating fuel to numerous clients throughout the Kootenays.

We deliver to many high volume businesses and essential service operators through our fleet of delivery units, ensuring their fuel needs are met for uninterrupted productivity.

We also supply the very same, Top-Tier Certified fuel to our local Tempo Gas Stations to serve their customers in Robson, Genelle, Christina Lake, and Winlaw.

Oil & Lubricants

We carry a broad selection of lubricants for all automotive motor oil, heavy-duty engine, transmission, gearing and hydraulic applications. We also perform lubricant deliveries throughout the West Kootenays.

Our warehouse stocks a wide variety of grades and sizes of product that meet original equipment manufacturer, API and ILSAC specifications.

Our products are backed by an assurance of quality and customer protection by Federated Co-operatives Limited.
